

## **MMT – Frequently Asked Questions (FAQ)**

### **1. Does the market update on weekends?**

Some products update on weekends while others do not.

It depends on the source—certain markets continue operating, while others pause updates until the next business day.

---

### **2. Can we check the history of prices?**

Yes!

MMT allows you to view price history for selected items so you can track trends over time.

---

### **3. Are you planning to add more items?**

Yes, definitely.

We are continuously working on adding more categories, improved data sources, and additional market items based on user feedback.
